

TITANIUM
MARINE TECHNOLOGIES L.L.C

MAKING MARINE CORROSION A THING OF THE PAST

Move to Titanium and away from Copper Nickel in your heat exchangers

For over 30 years, we've been using only titanium in our marine products, from heat exchangers, to exhaust elbows, gear oil and jacket water coolers.

It's the **ONLY** material we use where sea water comes into contact with the ship's valuable gear and equipment.

All products come with a 10 Year warranty.

**2021- 2022
PROJECTS**

M/V Lindsey Foss
2 x 4,000 h.p.
Gear Box &
Cycloid Coolers

M/Y Freedom
A/C Condensers
4x50 Ton Capacity

USS Wichita
Water Jet Hydraulic
Oil Coolers

F/V Koolari
5,000 h.p.
Engine Coolers
400 h.p.
Hyd Oil Coolers

M/V Iyanough
Gear Box Coolers
4x2,200 Shaft h.p.

M/Y Boardwalk
A/C Condensers
3x20 Ton Capacity

Titanium, *when it has to LAST!*
